

# Western Isles Wedding & Event Nannies

Hello, I am Tori Macinnes and I own and manage Western Isles Wedding & Event Nannies. We are a small team of qualified and experienced childcare professionals who provide childcare for weddings and other big events. We know that weddings can be overwhelming for the little guests and stressful for parents when the children get bored, tired or overwhelmed. We know that the responsibility of the childcare can often fall on other family members, meaning they miss out on some of the celebrations. The service that we offer is bespoke to every unique wedding. Our service is fully insured and all staff are PVG checked, qualified and experienced childcare professionals.

## More about Me

I am a mum of four children myself, so I have learnt many transferable skills that I can use to help other parents. As a busy mum, I know it can be hard, leaving your precious children in the hands of anyone else. This is why I strive to reassure parents that their children will be in safe hands and also enjoying the time with us.

I am qualified as an Early Years Practitioner and am currently working on a B.A in Childcare Practice. I have experience working with babies and children up to early teens. I also currently work part time in a local nursery.

## What We Offer

We offer a variety of services, which are all flexible and can be adapted or work together to provide a unique service for individual needs and requirements

Helping Hands service- We are on hand to help care and entertain children while everyone is getting ready, during the ceremony, photos, and meal.

Kids Zone Creche - This service is registered with the Care Inspectorate. We can set up a fully equipped creche in the same hall, or a separate space at the venue for children to play and rest.

Slumber Party- This is an evening service where we set up a relaxing environment with child friendly films and help put children to bed.

THIS IS NOT AN OVERNIGHT SERVICE.

## Prices

All of our services are £50 per hour for 2 Nannies, every extra nanny is an extra £25 per hour. The amount of nannies required depends on the number and ages of children needing childcare.

There are also charges for travel and accommodation if needed, this will be discussed during the booking process.

We can travel anywhere in the Scottish Highlands and Islands

## How to Contact us

We can be found on Facebook and Instagram.
